

Get started using ORBIS

Adding and downloading information

ORBIS is a global company information database.

It contains data, found in companies' financial reports, ie:

- Contact info
- Financial key figures

ORBIS also supplies more information from other sources and own research, ie:

- Industry classifications and activity description
- Ownership – recent and historical
- Branches and subsidiaries

Data is harmonized for easy comparison

The screenshot shows a user interface for managing financial data. On the left is a vertical sidebar with icons for home, search, filters, charts, and other functions. The main area is divided into two panels. The left panel has a 'Back to results' link and a title 'Add/remove columns'. Below this is a list of categories: 'Icons & search criteria', 'Contact information', 'Industry & activities', 'Identification numbers', 'Legal & account information', 'Financial data' (expanded to show 'Accounts header', 'Key financials & employees', and 'Ratings'), and 'Ratings'. The right panel has a 'Show codes' link and a search box 'Find a column'. Below this is a list of financial metrics: 'Add all', 'Operating revenue (Turnover)', 'P/L before tax', 'P/L for period [=Net income]', 'Cash flow', and 'Total assets'. Each item in the right panel has a '+' button to its right.
