'City Statistics' is the only MarketLine statistical database we've access to. It contains data from 3000 cities and urban areas from 150 countries.

Your go-to database if looking for data on economy, demography, households and labour in a city.

It's easy to search – if you know how 😊

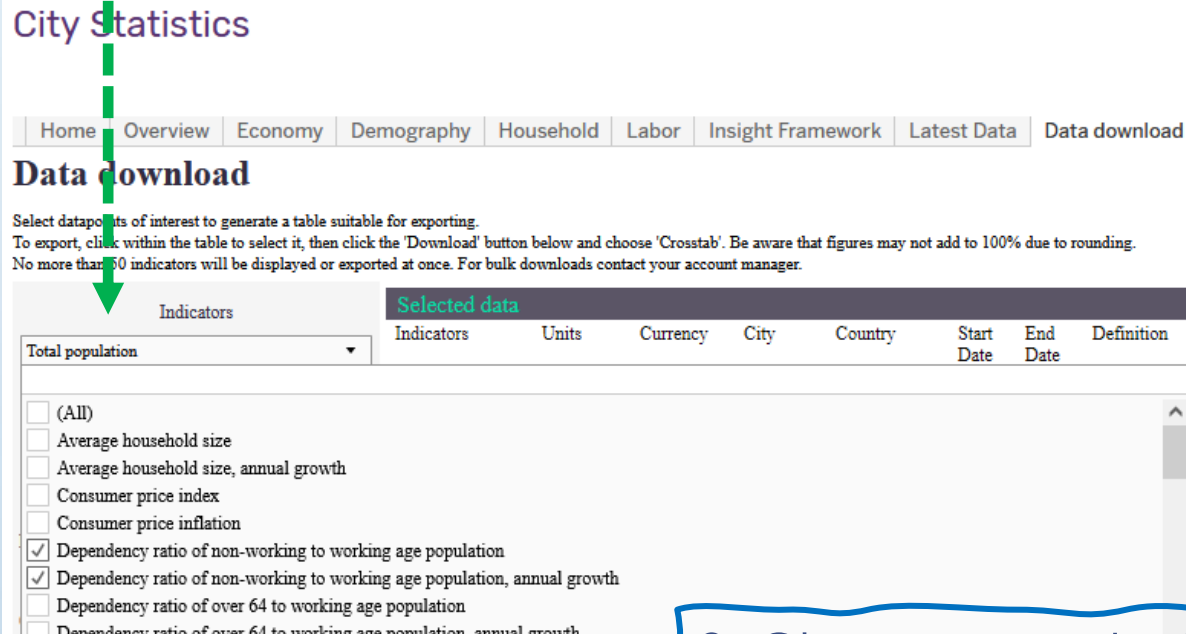

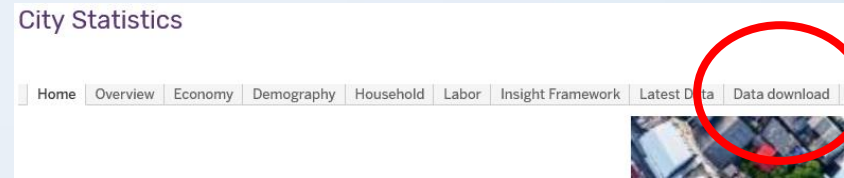

The database 'City Statistics' – searching:

Use the 'data download' menu

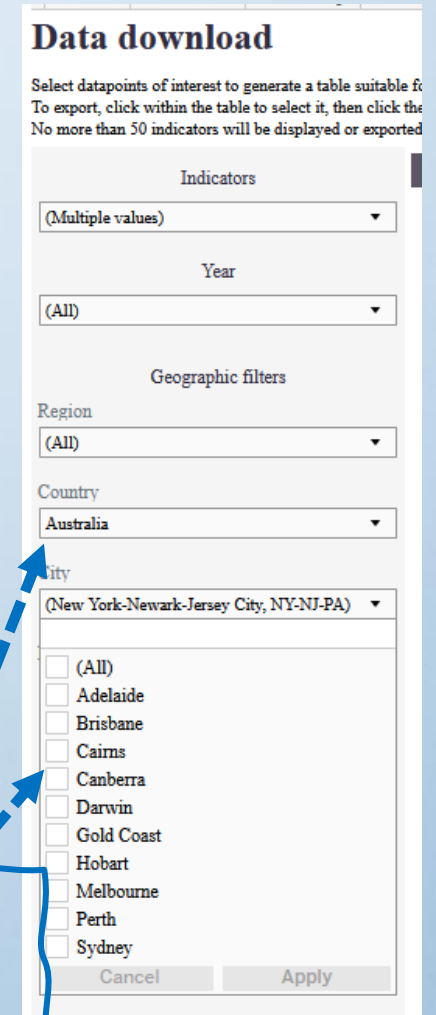

The database 'City Statistics' – searching:

1: Choose relevant topics from the 'indicators' dropdown menu

NB: Always press the 'Apply' button in the bottom right side of each menu to confirm choices

2: Choose country in the 'country' dropdown menu.
3: The 'City' dropdown menu will show the cities and urban areas with data from that country.
